

Dec. 2, 1975 - Tues.

Dear Vickie and Jim,  
I have the baby today and  
just sent her down for her  
Nap so will write to you now.

Mary and Mike and Diane  
flew to Spokane Thanksgiving morn-  
ing. They were scheduled to leave  
Sunday night and sat in the air-  
port for five hours waiting it was  
announced that the N.W. plane from  
Minneapolis would not be stopping  
but would continue on to Seattle.  
They then got a hotel room and  
arrived home late Monday afternoon.  
The storm in Eastern Wash. was  
so terrible, I just knew they  
wouldn't be able to get home.  
Everyone driving from here was  
stranded and it took them hours  
to make it to Ellensburg and that  
was as far as they could get.

The weather on this side is bad also. Wind and rain and the rivers are flooding. Mary was so tired today so I went after dinner the first thing this morning so Mary could spend the day in bed.

I hope you had a nice weekend with Sandi and Dick. We had a good time at Bossons on Thanksgiving.

I am making a Santa Claus suit as I am having a party for all the little kids on the 19th. It just the魏 and my two special neighbors. There will be twelve children and the mothers and I am going to be Santa Claus.

I don't remember just what date you are leaving on your trip so I mailed a little package to you yesterday. Let me know

here I wish I had thought  
of having you pick out some-  
thing that you would like.

It was a good thing we left  
early for the airport because  
on my way home I could see  
there was an accident on that  
side and the cars were at a  
stand still for miles.

We loved seeing you.

Love,

Mom
